METRANS on the Move: Our Weekly Newsletter for Students

Ellie Yilin Zhang (right) with her supervisor William Tsuei, Director of Information Technology, Access Services (center) and fellow IT intern Vivan Kaun (left)

I am the Career Opportunities Editor, and am happy to personally welcome you to this week's edition of METRANS On the Move, a weekly transportation newsletter produced by students. In it, you will read about METRANS PSR Gerald Desmond Bridge tour, PSR students' great performances at ITE Traffic Bowl 2018 and much more. Would you like to participate in field trips and events in the transportation field? Looking for a job or internship? Click the button below to subscribe and never miss any of our many featured professional and academic opportunities! We invite contributions of both content and original articles and invite you to reach out to any of the news staff with your ideas.

How Seattle Is Winning The War On the Car Commute

Seattle is among the fastest growing cities in the U.S. in 2017, thanks largely to Amazon's addition of 35,000 employees since 2010. For all the economic benefits that come with growth, it has also created a variety of civic headaches, crippling traffic chief among them.

**Free TRB Webinar
Considerations For Pavement Applications and Maintenance at Airports
Wednesday, February 28, 2018, 11:00 am to 12:30 pm Pacific Time**

TRB will conduct a webinar that features research from the [Airport Cooperative Research Program \(ACRP\)](#)'s [Report 159](#): Pavement Maintenance Guidelines for General Aviation Airport Management and [Research Report 178](#): Guidance for Usage of Permeable Pavement at Airports.

This webinar will discuss the development of a web-based airport pavement maintenance recommendation tool and the tool's use in helping general aviation personnel choose the appropriate treatment based on the conditions, climate, and the Federal Aviation Administration's airport classification of the facility. The presenters will also provide guidance on applying permeable pavements at airports.

This webinar is sponsored by the Airport Cooperative Research Program.

Webinar Presenters

- Tom Freeman, *Texas A&M Transportation Institute*
- Jeff Borowiec, *Texas A&M Transportation Institute*
- James Bruinsma, *Applied Pavement Technology, Inc.*

Registration questions? Contact Reggie Gillum at RGillum@nas.edu.

Call for volunteers! Please email Prithvi Deore at pdeore@usc.edu to join the volunteer team.

**Spring 2018 METRANS Outreach Event
Engineering is SWEet
Saturday, March 3, 2018, 10:00 am to 12:00 pm
USC Main Campus**

METRANS PSR is proud to partner with the Society of Women Engineers (SWE), a non-profit, global organization founded in 1950 which aims to provide female engineers with a supportive community and a greater voice in the engineering industry.

Help SWE, METRANS, and PSR inspire girls to pursue careers in engineering!

Come to join us for interactive games to encourage the next generation to consider a STEM career. We are expecting around 60 girls to participate in 5 workshops, each lasting about 20 minutes.

Transportation Is A Women's Issue- Part II A Gendered Planning Mismatch Discussion
By UCLA Institute of Transportation Studies
Wednesday, March 7, 2018, 6:00 pm to 7:30 pm
Japanese American Cultural & Community Center, 244 South San Pedro Street
Los Angeles, CA 90012

What potential do new mobility options, bikesharing, ridesourcing, microtransit hold for closing the gender gap between women doing shorter trips and more household serving trips ? Or will they rather reinforce these divergent travel patterns? Join the conversation about women's travel patterns, current and future transportation planning and policy. Our experts will share their previous research, and discuss future plans from the City and County of Los Angeles to better serve women's travel needs and patterns.

Distinguished Speakers:

Dr. Evelyn Blumenberg, *UCLA Department of Urban Planning*
Seleta Reynolds, *Los Angeles Department of Transportation*
Stephanie Wiggins, *Los Angeles County Metropolitan Transportation Authority*

Free Registration.

Reception will follow after the event. Childcare assistance provided.
See the flyer for more information.

2018 APPAM DC Regional Student Conference
April 6 to 7, 2018
American University, Washington, DC

More Info & RSVP

During these conferences, students will present research across a wide variety of policy areas, through poster sessions and on conference panels with their peers. Participating students will gain valuable research presentation experience, as well as receive important feedback from academics, practitioners, and other students. Students will have several opportunities to network and make connections with a diverse group of policy professionals, as well as other policy students.

Free TRB Webinar
Improving the Resilience of Transit Systems Threatened by Natural Disasters
Now Accepting Student Resumes
Monday, March 12, 2018, 10:00 am to 12:00 pm Pacific Time

TRB will conduct a webinar that features research from the [Transit Cooperative Research Program](#) (TCRP)'s Web-Only Document 70: Improving the Resilience of Transit Systems Threatened by Natural Disasters, [Volume 1: A Guide](#), [Volume 2: Research Overview](#), and [Volume 3: Literature Review and Case Studies](#).

The research provides "how to" steps to help transit agencies and others improve their resilience. Transit agencies across the U.S. face a multitude of threats from extreme weather and natural disasters. Ensuring that transit infrastructure and services are resilient to these threats is critical. This webinar will include presentations by several transit agencies featured in the guide. The presenters will provide first-hand accounts of their experiences and lessons learned as they implemented resilience strategies and projects.

Registration questions? Contact Reggie Gillum at RGillum@nas.edu.

Free TRB Webinar
Interpreting the Results of Airport Water Monitoring
Wednesday, March 21, 2018, 11:00 am to 2:30 pm Pacific Time

TRB will conduct a webinar on Wednesday, March 21, 2018, from 2:00PM to 3:30PM ET that features research from the [Airport Cooperative Research Program](#)(ACRP)'s [Research Report 166](#): Interpreting the Results of Airport Water Monitoring.

This research provides comprehensive guidance and a set of tools that operators of airports of varying sizes can use to understand, diagnose, and interpret airport water quality. The guidebook addresses water leaving the airport that does not go to an off-site treatment facility. This webinar will discuss the drivers and benefits of implementing the guidance, including reducing compliance risk, reducing monitoring costs, and improving decision-making on large infrastructure capital projects.

Webinar Presenters

Tim Arendt, *Gresham, Smith, and Partners*
Devon Seal, *Gresham, Smith, and Partners*

Registration questions? Contact Reggie Gillum at RGillum@nas.edu.

**Call For Proposals Of The Thomas Jefferson Fund
Applications Open until March 12, 2018, 9:00 Pacific Time**

This program, launched by the Embassy of France in the United States and the FACE Foundation, aims to encourage and support cooperation among the most promising young French and American researchers, and foster forward-looking collaborative research projects.

Each selected French-American project will receive up to \$20,000 over a period of two years.

Applications are accepted in the three following fields:

- Humanities and Social Sciences (HSS),
- Science, Technology, Engineering and Mathematics (STEM),
- Science for Society (interdisciplinary STEM-HSS projects).

In support of the Make Our Planet Great Again initiative launched by President Emmanuel Macron in June 2017, the Thomas Jefferson Fund is offering additional grants this year for research projects related to:

- Earth System Science,
- Climate Change and Sustainability,
- Energy Transition.

10th National Aviation System Planning Symposium 21st Century Challenges in Aviation System Planning May 20 - 22, 2018 The Lakefront Anchorage, 4800 Spenard Road, Anchorage, Alaska 99517

Call for Posters

The National Aviation System Planning Symposium (NASPS) is a triennial event organized with the goal of assessing the state of the art in system planning, addressing current issues confronting the airport and aviation industry, and identifying research needs to inform the future research agenda for aviation system planning. The symposium brings together system planning consultants, airport and aviation system planners and managers, air carrier and other aviation industry representatives, Federal and state transportation officials, and others interested in the future development of the aviation system and its role in the larger multi-modal transportation system for two days of meetings, presentations, and networking. The NASPS provides a unique opportunity to gather people who are actively involved in planning the aviation system to focus on its future development and improvement for a sustainable, healthy future. The symposium is cosponsored by the Transportation Research Board committees on Aviation System Planning and [Intergovernmental Relations in Aviation](#).

Participation grants are available to provide financial assistance to enable suitably qualified graduate students to attend the 10th National Aviation System Planning Symposium. Learn more about eligibility and other requirements of a [Graduate Student Participation Grant](#) online.

Seeking for Researchers California Policy Lab

California Policy Lab is searching for three, full-time research positions, including a post-doc position in labor economics, one Ph.D. level staff position for homelessness research, and one statistical data analyst. These positions will work on a range of projects with me and with faculty and staff at the California Policy Lab, a new initiative at UCLA and UC Berkeley that supports research partnerships between university academics and California state and local government, focused on the analysis of administrative data. They are described in more detail below.

- 1) A post doc working directly with me on projects in labor economics based on a range of confidential administrative data sets.
- 2) A full-time Ph.D. level Research Director with the California Policy Lab (CPL).
- 3) A third position is for a full-time data analyst.

**For more information about the California Policy Lab and to learn more about our current projects, visit: www.capolicylab.org
If interested, email Kelle Taylor at kelletaylor@ucla.edu with resume and cover letter.**
