### METRANS on the Move: Our Weekly Newsletter for Students

Students go on a walking tour of campus with UP, USC's new Undergraduate Planning club.

Photo credit: Lilly Nie

Readers, welcome to this week's issue of METRANS on the Move! This newsletter is a team effort to foster knowledge and opportunities related to transportation. If you have suggestions for content – events, scholarships, jobs, and more – that you'd like to see included, just reach out to our Publisher, Danielle Dirksen, at [ddirksen@usc.edu](mailto:ddirksen@usc.edu). Enjoy this week's issue, and click the button below to subscribe!

**Scroll down for the chance to win a prize!**

## In the News

The articles in this newsletter are prepared or accomplished by others in their personal capacity. The opinions expressed are the author's own and do not necessarily reflect the views of METRANS or its partners.

### Meet USC's Patrick Lewis: Student Professional Worker At LADOT

By Bo-Sen Shao, USC Master of International Public Policy and Management, 2020

Meet Patrick Lewis, a second-year Master of Planning student at USC Sol Price School, is also the incoming president of USC's student-led tree planting and environmental justice organization, Trees by Trojans (TxT). He completed his undergraduate degree in sociology with a minor in Spanish at University of California, Davis.

### Trump Administration To Revoke California's Power To Set Stricter Auto Emissions Standards

The Trump administration plans Wednesday to revoke California's long-standing right to set stricter air pollution standards for cars and light trucks, the latest step in a broad campaign to undermine Obama-era policies aimed at cutting greenhouse gas emissions.

Read more [here](#).

### Using "Pop-Up" Strategies To Realize Lasting Impacts In The Public Realm

What does it take to affect change to the built environment that promotes safe conditions for walking and bicycling? How can temporary installations of art and infrastructure—also known as tactical urbanism—spark a conversation? What are the best ways to foster in people a willingness to change how they get around their community, to travel without using fossil fuels?

## Guess Who!

*Welcome to our new transportation game corner!*

This week, let's play a guessing game... Guess who the transportation professional in the picture is for a chance to win a prize!

Here's a hint: This man does not work in CA, but he does work in a state just as sunny (if not more so)!

Email Publisher Danielle Dirksen with your answer: [ddirksen@usc.edu](mailto:ddirksen@usc.edu).

## For Researchers

### **Call for Abstracts: New Technologies for Urban Mobility Workshop Submission Deadline: Monday, September 23, 2019**

In preparation for the first NTUM workshop in Pucón, Chile, in April 2020, the Complex Engineering Systems Institute (ISCI) and the Engineering School of Universidad de Concepción invite authors to submit relevant abstracts.

The ubiquity of technology has unlocked an enormous potential for urban mobility. Cities are shaped by the behavior of citizens who are connected through elements that can be updated literally every day. What was impossible a few years ago might become obsolete today. Technology has opened questions, challenges, and opportunities for urban mobility that are worthy to explore for both ends: theoretical advances and applications.

The workshop aims to bring together the researchers, practitioners and tool developers working on topics related to public transportation of the future; new methods for new data; home delivery and services; apps for mobility and travel; innovative transportation modes; new tech for transportation planning and operations; and information and communication technologies.

### More Info

**Ph.D. students involved in Transportation Operations and Traffic Control research and work are encouraged to submit abstracts.**

### **Call for Abstracts: TRB Ph.D. Session in Transportation Operations and Traffic Control Submission Deadline: Friday, September 27, 2019**

In preparation for the 99th Annual Meeting of the Transportation Research Board in Washington, D.C., the Ph.D. Session in Transportation Operations and Traffic Control is seeking recently completed (or nearly completed) Ph.D. dissertations and research-in-progress.

Students who wish to present their research should submit a (maximum) two-page summary of their research including the title, along with a brief letter (or email) of nomination from their faculty supervisor that clearly states their anticipated graduation date. The schedule of presentations will be based upon the number of submissions and whether they are based on completed or in-progress research. All students will be notified by mid-October, concerning acceptance of their submission and their place on the program.

### More Info

**For this particular award, graduate students in transportation who have produced a PhD Dissertation, MS Thesis, or Master's Thesis/Report are encouraged to seek nomination.**

### **Council of University Transportation Centers Awards Nomination Deadline: Monday, September 30, 2019**

The Milton Pikarsky Memorial Award is given annually for the best Doctoral dissertation and Master's thesis in the field of science and technology in transportation studies. The Charley V. Wootan Memorial Award is given annually for the best Doctoral dissertation and Master's thesis in the field of policy and planning in transportation studies. The Neville A. Parker Award is given annually to two non-thesis master's project reports in the field of policy and planning, and science and technology. Winners in each category receive the following honorariums: Doctoral Dissertation: \$2,000 Master's Thesis: \$1,500 Non-Thesis Master's Reports/Papers: \$1,500.

To be considered for the awards nominations must be submitted a member of the faculty, a mentor, or advisor through the CUTC website. Winners will be recognized at the CUTC Awards Banquet held on Saturday, January 11, 2020 immediately preceding the 99th Annual Meeting of the Transportation Research Board. The dissertation/thesis/report must have been completed and accepted during the period October 1, 2018-September 30, 2019.

**Call for Papers: Young Energy Researchers Conference**  
**Submission Deadline: Thursday, October 10, 2019**

Papers should focus on the subjects of biomass or energy efficiency. Submissions are welcome from all scientific fields (e.g. technology & engineering, economic and social sciences, architecture, law, arts, etc.) The conference will be held in Wels, Austria from Tuesday, March 3 to Thursday, March 5, 2020. The 2 best contributions are honoured with the awards "Best Young Energy Efficiency Researcher" and "Best Young Biomass Researcher". The researchers will receive 1,000 Euro each as prize money. The award committee will select the winners among the papers selected for oral presentation (there is no need for a separate submission for the award). Notification of the winners is expected by the end of January 2020.

**Qualified individuals should have a Ph.D. degree in engineering, environmental science, or other related field with coursework and/or research experience in life cycle analysis.**

**Argonne National Laboratory Energy Systems Division PhD Research Position**  
**Apply ASAP**

Argonne National Laboratory is seeking dynamic and technically strong Postdoctoral Researchers in the area of life cycle analysis. The position is in the Systems Assessment Center's Electrification and Infrastructure Group in the Energy Systems Division. Postdoctoral Researchers work with other team members to analyze transportation and energy systems, develop new models and datasets, and provide rigorous and objective results. We are currently seeking applicants with experience in one or more of the following areas: transportation energy systems, materials production with a focus on vehicle materials and lightweighting, lithium-ion battery production and recycling, electrical grid modeling, and vehicle manufacturing. See the flyer below for more information.

## Get Involved

**A limited number of sponsored student tickets are available. Please email [victoriv@price.usc.edu](mailto:victoriv@price.usc.edu) to request one.**

**WTS-LA Welcomes LA Metro's Jim de la Loza!**  
**Friday, September 20, 2019 at 11:30 am Pacific**  
**The Sheraton Grand Los Angeles**  
**711 S. Hope Street**  
**Los Angeles, CA 90017**

Please join WTS-LA for a lunch program to welcome Jim de la Loza, Los Angeles County Metropolitan Transportation Authority's new Chief of Planning Officer, to learn about current and upcoming projects for LA Metro Planning.

---

**Fall 2019 Speaker Series - Microtransit and Micromobility: Benefit or Boondoggle?**  
**Wednesday, September 25, 2019 at 12 pm Pacific**  
**University of Southern California**  
**RGL 100**

Join METRANS and PSR for a luncheon with Amelia Regan, Professor of Computer Science and Transportation Systems

Engineering at UCI. Participants will gain professional insights on whether microbility's benefits outweigh the many costs and externalities that have resulted from a push for tech in transportation. RSVP is required. Please click below to view the flyer.

**Webinar: Transitioning Cars and Trucks to Low Greenhouse Gas-Emitting Technologies and Fuels**  
**Friday, September 27, 2019 from 10 am to 11 am Pacific**

California has adopted ambitious targets for reducing greenhouse gas (GHG) emissions. In this study, we examine the costs and challenges of reducing road transportation GHG emissions 80% by 2050, through rapid uptake of advanced vehicle and fuel technologies. We consider several scenarios and the costs of achieving these, along with policy implications. Speakers are UC Davis' Lew Fulton and Marshall Miller.

**2020 Lemelson-MIT Student Prize Competition**  
**Apply by: Friday, September 27, 2019 8:59 pm Pacific**

The Lemelson-MIT Student Prize is a nationwide invention competition that honors undergraduate teams and individual graduate students who have developed technology-based inventions with tested prototypes. Graduate students win \$15,000 in recognition of their portfolio of inventions, and undergraduate teams win \$10,000 for their invention. In addition, winners will be included in a national media campaign, and receive exposure to investment and business communities, and a trip to MIT for an award celebration (EurekaFest) in June 2020.

**Notice of Intent: Airport Cooperative Research Program (ACRP) University Design Competition for Addressing Airport Needs**  
**NOIs Due: Saturday, September 28, 2019**

The ACRP, a program of the Transportation Research Board (TRB) of the National Academies of Sciences, Engineering, and Medicine, is sponsoring a national competition for universities that engages students in addressing issues relating to airports and the National Airspace System.

This Competition focuses on design solutions in the following broad areas: Airport Operation and Maintenance, Runway Safety/Runway Incursions/ Runway Excursions, Airport Environmental Interactions, and Airport Management and Planning. Some specific challenge areas are defined in the Technical Design Challenges section of the guidelines. Students are not limited to the suggested topical areas listed.

This Competition challenges individuals and teams of undergraduate and/or graduate students working with faculty advisors at U.S. colleges and universities to consider innovative approaches related to airport issues. Full details are provided in the competition guidelines, accessible through the button below.

**If you have questions or would like to volunteer, please email [victoriv@usc.edu](mailto:victoriv@usc.edu).**

**Make Way for Gen Z: Hands-on STEM Workshop for Middle Schoolers**  
**Thursday, October 3, 2019 at 10 am Pacific**  
**University of Southern California**  
**DML 240**

Join METRANS and PSR for an interactive workshop that will engage nearly 100 local middle schoolers. We plan to immerse students in transportation industry basics with a focus on soft leadership skills, inspiring students to possibly pursue future endeavors in the industry. Volunteers are appreciated. Please click below to view the flyer.

**Fall 2019 Speaker Series: Micro Sensor Development for Vehicle Detection and Identification for Next Generation Smart Roads**  
**Wednesday, October 9, 2019 at 12 pm Pacific**  
**University of Southern California**  
**RGL 100**

Join METRANS and PSR for a luncheon with Mohammed Mozumdar, Associate Professor in Electrical Engineering at Cal State Long Beach. Participants will gain professional and technical insights on the development of a distributed wireless sensing network that utilizes low power processors in conjunction to “in sensor node” machine learning algorithms for computation, among other smart road topics. RSVP is required. Please click below to view the flyer.

**American Road and Transportation Builders Association Student Video Contest**  
**Submissions Due: Sunday, October 20, 2019**

The ARTBA Foundation supports an annual student video contest to promote the U.S. transportation design and construction industry. ARTBA's Research & Education Division (RED) sponsors the contest and has two submission categories: general transportation impacts, trends and/or funding; and transportation safety.

The contest is divided into two age groups: elementary, middle or high school students; and post-secondary, college and graduate students. Winners are selected in each age group, for a total of four first-place videos. Each winner receives a cash prize and winning entries may be shown during ARTBA's annual National Convention.

**Fall 2019 Speaker Series: Leadership as Improvisation 3.0**  
**Tuesday, October 22, 2019 at 12 pm Pacific**  
**University of Southern California**  
**DML 240**

Join METRANS and PSR for a luncheon with Carol Geffner of the USC Sol Price School of Public Policy. Participants will gain professional insights in this workshop on how to improvise in the workforce and create change for yourself and others. RSVP is required. Please click below to view the flyer.

---

**Fall 2019 Speaker Series: Is Neighborhood Change Leading to Falling Transit Ridership?**  
**Wednesday, November 13, 2019 at 12 pm Pacific**  
**University of Southern California**

Join METRANS and PSR for a luncheon with Michael Manville, Associate Professor of Urban Planning at UCLA Luskin School of Public Affairs. Participants will gain professional insights on falling transit ridership in Southern California as Professor Manville presents preliminary study results on ridership fluctuation. RSVP is required. Please click below to view the flyer.

**Student Transportation Consulting Volunteer Opportunity**  
**University of Southern California**

Please see the following on behalf of USC undergraduate Reanne Aquinde: Reanne is looking to organize student members of the USC Chapter of the Institute of Industrial and Systems Engineers (IISE) to undertake transportation related problems in the field. Interested students need not already be a part of IISE but should attend or live near USC. This opportunity is intended to organize a small, voluntary student team which will then tackle a real world project that students can work on to gain practical experience. Email Reanne for more information at [raqinde@usc.edu](mailto:raqinde@usc.edu)

## Scholarships & Academic Opportunities

**2019 Mobility 21 Southern California Transportation Summit: Beyond the Limits**  
**Friday, September 27, 2019 7:30 am - 4:30 pm Pacific**  
**Disneyland Hotel**  
**1150 Magic Way, Anaheim, CA 92802**

Save the date for Mobility 21's 2019 Summit! Mobility 21, Southern California's premier transportation coalition, is currently seeking sponsorships for their upcoming annual conference. Registration information is coming soon. Discounted student tickets are available for students who register to attend. Early bird registration is now open as well.

**Massive Open Online Course (MOOC) on Sustainable Urban Freight  
Open through September 2019**

We are happy to announce the re-run of the successful Sustainable Urban Freight Transport MOOC on edX as of 4th December 2018. This time the MOOC is presented as a self-paced course, students and professionals can access the free course till September 2019.

The MOOC is the result of a collaboration between 8 partners of the global COE-SUFS network. It provides a unique cross-cultural introduction to city logistics, as experienced around the world (Netherlands, Japan, India, UK, Australia, South-Africa and Sweden).

**Become a Presidential Management Fellow  
Applications Due: Thursday, October 17, 2019 at 9 am Pacific**

The Presidential Management Fellows (PMF) Program is administered by the U.S. Office of Personnel Management (OPM). Each year, candidates apply to the program in efforts to be selected as Finalists. Finalists are then eligible for appointment as Presidential Management Fellows (Fellows; PMFs).

To become a PMF, you must participate in an rigorous, multi-hurdle process. It takes patience and endurance, but also gives you a chance to demonstrate your leadership ability and potential. As a PMF, you will have earned your place in the program, and the opportunity to grow professionally, serve your country, and make a difference!

**Call for Papers: World Symposium on Transport and Land Use Research 2020  
Submissions Due: Friday, November 15, 2019**

We are pleased to announce that the 2020 World Symposium on Transport and Land Use Research (WSTLUR) will be held in Portland, Oregon, USA, July 13-16, 2020. We seek original, full-length submissions on themes including, but not limited to, affordable housing and transport, freight issues, and accessibility in transit. Theme leaders will be in charge of the paper review and selection process. Questions about specific themes should be directed towards theme leaders, whose contact info can be found by clicking the button below.
