

Understanding How Women Travel

Friday, November 15, 2019

Dr. Genevieve Giuliano is Ferraro Chair in Effective Local Government, Price School of Public Policy, USC, and Director of METRANS. Her research areas include relationships between land use and transportation, transportation policy analysis, travel behavior, and information technology applications in transportation.

UCLA

Dr. Evelyn Blumenberg is Professor of Urban Planning at the UCLA Luskin School of Public Affairs and Director of the Lewis Center for Regional Policy Studies. Her research examines the effects of urban structure and the role of planning and policy in shaping the spatial structure of cities.

Emily Finkel is Senior Transportation Planner with Fehr & Peers and manages the firm's new Long Beach office. She is the companywide lead on systemic safety, focusing on working with communities to create equitable transportation systems and make streets safer.

Judith McCourt has over 20 years of transportation research experience and is President at the Redhill Group where she oversees research on consumer insights and tracks emerging trends in the adoption of new technologies.
