**Have you considered a career in transportation?**

**Would you like to know more about LA Metro?**

Join us for an exclusive, student-only lunch and conversation with a current Metro Transportation Planner about Metro and about transportation careers in the public sector.

**Steven Mateer** Steven Mateer is a Transportation Planning Manager with the Los Angeles County Metropolitan Transportation Authority (Metro), where he has worked for three years. He is presently part of the Countywide Sustainability Program team at Metro. Steven's primary duties include implementation of the First/Last Mile Strategic Plan, Transportation Demand Management modal lead, and development of sustainability performance metrics. Prior to this assignment, Steven worked in the Regional

Programming team where he participated in the implementation of the Moving Ahead for Progress in the 21st Century (MAP-21) federal transportation bill, implementation of the Measure R Cost Containment Policy, and programming and allocation requests for state and federal funds. In addition, Steven has worked as a consultant where he coauthored several transit plans, facilitated public outreach, and provided statistical and financial support for clients. A Los Angeles County native, Steven graduated with a Master's Degree in Urban Planning from the University of California, Los Angeles.
