12:00 PM to 1:30 PM
USC – RGL 100 (Ralph and Goldy Lewis Hall)*

*RSVP to Nicole Guo at
haichaog@usc.edu*

Lunch with Eric Plosky

Chief of Transportation Planning, USDOT Volpe Center

Eric Plosky leads a diverse team in taking on many different types of work, including site-specific transportation projects; strategic and long-range planning; program development; legislative and policy analysis; research; and outreach and communications. More specifically, Mr. Plosky's work has focused on helping the Office of the Secretary's "Beyond Traffic" effort and Smart Cities Challenge initiatives, as well as supporting transportation planning efforts on Federal public lands (such as the National Park Service). He has also served as Disaster-Recovery Coordinator for the U.S. DOT and was stationed in Louisiana following Hurricanes Katrina and Rita. Mr. Plosky earned his bachelor's and master's degrees in planning from the Massachusetts Institute of Technology.

About USDOT Volpe Center: For over 40 years, Volpe has helped the transportation community navigate its most challenging problems. As the National Transportation Systems Center, its mission is to improve transportation by anticipating and addressing emerging issues and advancing technical, operational, and institutional innovations across all modes.

Join us for a valuable opportunity to meet and learn from an active transportation practitioner!
